

## Storage

### Capacity Development

| Year | Nominal storage capacity<br><i>GWh</i> | Maximum injection capacity<br><i>GWh/day</i> | Maximum withdrawal capacity<br><i>GWh/day</i> |
|------|--|--|---|
| 2012 | 6 117                                  | 74,34  | 95,58   |
| 2013 | 6 117                                  | 74,34  | 95,58   |
| 2014 | 6 117                                  | 74,34  | 95,58   |
| 2015 | 6 117                                  | 74,34  | 95,58   |
| 2016 | 6 117                                  | 74,34  | 95,58   |
| 2017 | 6 117                                  | 74,34  | 95,58   |
| 2018 | 6 117                                  | 74,34  | 95,58   |
| 2019 | 6 117                                  | 74,34  | 95,58   |
| 2020 | 6 117                                  | 74,34  | 95,58   |
| 2021 | 6 117                                  | 74,34  | 95,58   |
| 2022 | 6 117                                  | 74,34  | 95,58   |
